Research Effectiveness Awards 2021

Celebrating the contribution of research, analytics
and insights to New Zealand

9 April 2021, Hilton Hotel, Auckland

Effective research, data and insights

Welcome

Every two years the anticipated Research Association Effectiveness Awards (RAEAWARDS) recognise the contribution those undertaking research, evaluation, data analysis and insights generation make to New Zealand business success.

The RAEAWARDS are always a highlight on the New Zealand industry calendar, and this year we will be celebrating 21 years of recognising outstanding research via the awards. In recognition of this milestone we've added a few new features to the awards this year. These are in recognition of the changing nature of the industry along with highlighting the impact that excellent insights management plays in enabling insights to make an impact. We are looking forward to celebrating the most successful client projects, giving them the recognition and exposure they deserve. You can be a part of that success!

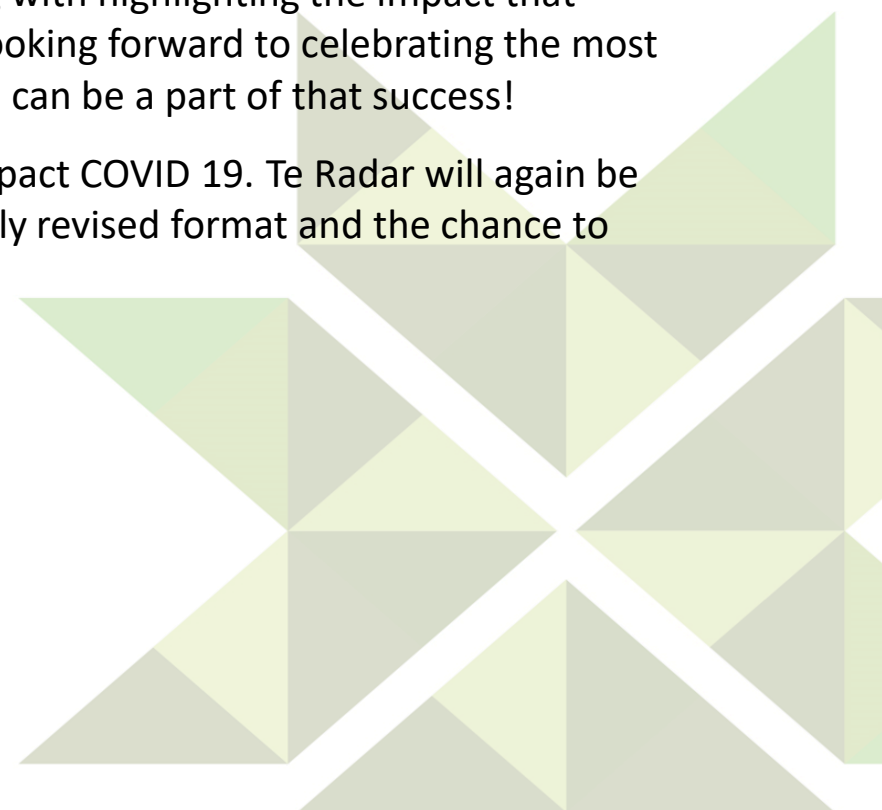

We've also had to adapt the format of the awards this year in order to manage the impact COVID 19. Te Radar will again be guiding us through a cocktail event at the Hilton hotel. We hope you'll enjoy the slightly revised format and the chance to highlight your businesses role and support for the industry.

I look forward to you joining us at the Hilton Auckland on 9th April 2021.

Nga mihi

Galina Mitchelhill, Chair

Research Association of New Zealand

The sponsorship of this award would suit an organisation at the leading edge in its field.

SUSTAINED IMPACT AND EFFECTIVE PARTNERSHIP AWARD (\$2,500)

- The Sustained Impact and Effective Partnership Award is a celebration of synergy and achievement between providers and decision-makers.
