OUR CONFERENCE THEME THIS YEAR

RANZ Conference 2022: AI IN INSIGHTS: FRIEND OR FOE? will encourage an honest conversation about what's here now, what's coming in our industry, and what it means for us all. What actually is AI? Is it something for us to embrace, to resist or something in-between?

Artificial Intelligence is an increasing presence in many industries and market research is no different. But what sort of influence is it having now, and how might this evolve in the future? Leading experts in the field of AI and research will share their thoughts and experiences on what this could look like. Will AI be complementary to research? How can we harness the benefits it may offer?

Your business has the opportunity to participate in this event with great sponsorship opportunities available. We know that the past couple of years have been tough, therefore we have reverted to a one-day event and have sized the sponsorship options accordingly, offering even better value than the last one-day conference held back in 2017. This is a great opportunity for investment as we are anticipating another sold out event, with an amazing group of speakers already lined-up.

This pack outlines the many different types of sponsorships available.

Orakei Bay, Auckland

The conference venue is situated in a beautiful garden setting overlooking the Orakei Basin.

Orakei Bay is just minutes away from Central Auckland by train or bus.

It has lots of free on-site car parking.

This venue allows premium space for exhibitors/sponsors. The Foyer has a high vaulted ceiling and full-length picture windows filling the space with natural light. This will be the hub for all day beverage service and meals, with doors leading out to a beautiful garden overlooking the Orakei Basin. Sponsors will have the opportunity to interact with delegates in this area, with drinks and canapés being served here at the end of the day, allowing for a more relaxed networking experience.

The main conference room will be The Gallery. A beautiful naturally light room where there is lots of space for delegates and the opportunity for premium sponsors to display banners.

A breakout room, The Loft, is located on the first floor and will be used for presentations throughout the day.

SPEAKERS

We are still finalising all our speakers, but have some amazing ones already lined up, such as Kristin Luck (ScaleHouse and ESOMAR President), Ray Poynter (NewMR, UK), Sue York (NewMR and The Research Society, Australia), and RANZ Life member Duncan Stuart. We expect to have over a dozen speakers from New Zealand and overseas (via screen), as well as a panel Q&A session, as part of this conference. All are available for sponsorship.

AUDIENCE PROFILE

The RANZ Conference is marketed to the entire membership of Research Association New Zealand (over 750 members) and the wider marketing community. The event will be attended by approximately 150 people including:

- Leaders of New Zealand's major research, data and insights agencies.
- Leaders from client organisations carrying out, buying and using research, data and insights.
- Up and coming leaders of the industry and invited representatives of appropriate media.

Member companies include Kantar, Kantar Public, Ipsos, NielsenIQ, Perceptive, Infotools and many more.

NETWORKING / EXHIBITION SPACES

Although the programme will be full of interesting sessions and speakers, the design allows delegates to break out and engage. We encourage sponsors to consider how they can best interact with attendees within their exhibition spaces.

The main opportunities are at the start of conference, during the tea and lunch breaks and at the end of conference during the networking hour.
